

LYNN A. ROBINSON

Author • Speaker • Intuitive Consultant

Tough Times Emphasize The Need to Use Intuition

Everyone knows how it feels to realize they should have listened to their intuition. Today especially, it is more important than ever to hear and understand intuition. Businesses and individuals are having to change the way things are done. Helping people move through times of transition and crisis is Lynn's specialty.

Publisher:
GPP Life
January 2010

Through her consultations, books, and speaking engagements, Lynn helps people...

- Gain insight into personal and business relationships
- Learn how their intuition communicates with them – and how to trust it
- Establish a clear vision for themselves and their life
- Uncover stuck places and figure out next steps

As a preeminent expert on intuition, Lynn is regularly called on by the media to discuss intuition, stress, starting over, dealing with change, making good decisions, and overcoming worry.

Bio: Lynn Robinson is a leading expert on intuition. She works with individuals and businesses, offering insight into goals and decisions, and teaching intuitive skills. Lynn is a successful consultant, dynamic speaker, and best-selling author of six books on intuition. She is the founder and president of Intuitive Consulting, Inc.

Story Ideas

How to Listen in the Midst of Change and Crisis: Most of America is in the midst of crisis right now. When things get challenging, it can be difficult to hear a still, small voice. Lynn Robinson shares how to listen to – and trust – intuition.

Trust Your Gut and Grow Your Business: Numerous top executives and cultural icons have revealed that trusting their instincts is key to their success. Lynn Robinson's own business has grown rapidly because she trusts her intuition. She will discuss how to learn this vital skill that will consistently improve the bottom line.

Using Intuition to Find – and Keep – the Best Employees: The hiring process can be very mysterious. Someone with excellent qualifications can turn out to be an unqualified disaster. Lynn explains how to tap into intuition to find the best person for the job.

Asking Questions of Your Intuition: The intuition conversation is not a one-way street. Asking questions can be a helpful way of discovering a direct path for moving forward. Lynn will share which questions are – and aren't – helpful.

Sleep on It! Waiting until morning to make a big decision is an age old piece of advice. Lynn discusses why this bit of cliché wisdom is still a good idea.

Success in Sales: Intuition can be a valuable guide throughout the sales process, from the who to the how. Lynn will provide tips and techniques on everything from enthusiasm to a crucial 90- second activity.
